**Tina Charles** (born 10 March 1954) is an English singer who achieved success as a **disco** artist in the mid to late 1970s. Her most successful single was the no. 1 hit "I Love to Love (But My Baby Loves to Dance)" in 1976. Since 2000, Charles has performed throughout Europe where disco music and her hit singles have been reappraised, and she has become a popular live performer.

It was when watching **River**, the excellent BBC TV drama created by Abi Morgan and featuring Stellan Skarsgard as a Swedish detective working in London that the song came to my attention. The last scene of the season shows him imagining that he dances with his recently murdered colleague, to whom he never revealed his love aloud.
